Royal red apples are produced in an astonishing district in himachal pradesh known as kinnaur

Kinnaur is a beautiful place with countless breathtaking views. It has the cleanest atmospheres among all districts in india according to a survey by IIT Delhi.

It has a very unique life style with most uncommon traditions.

Finest quality Royal red apples grows at the height of 2800 m to 3100 m .

Where we can buy Royal Red apple?

Unfortunately high grade apple like Royal Red is mostly exported or delivered to big restaurants and other than this most of the people who consume royal red apples are not real, that is why we introduce kinnaurappletraders that lays a bridge between you and finest quality apples.
